

Annual Report (2024–2025)

Duliajan College, Women Cell and Women Cell, DCTU

Duliajan College is proud to have two active women cells and they work towards providing equal opportunities to the oppressed genders. The women cells play active roles in both inside and outside the campus. Inside the institute they make the students aware of gender oppression and sexually based inequality and violence and outside the campus in different educational institutes they organize programmes having connection with women health and women empowerment. Moreover, the cells organized seminars, workshops, street plays, and awareness programs related to gender issues.
